

## Volvo Cars and Harman Kardon® – the Human-centric approach

Volvo puts the utmost emphasis on customer satisfaction, on safety and on protecting the environment and its resources. Volvo is the human-centric brand. Its cars are “Designed around You!” with the customer being the focus of all its activities.

Creating a relaxing, safe and very Scandinavian atmosphere inside their cars is important for Volvo and that’s why they chose Harman Kardon as its sound system partner. The experience of driving a Volvo is a holistic one, appealing to every sense, with design, materials, colors and sound merging into one, with you at the center.
